

## Industrial Water Purification

# Service Softener 1252-FG 3 to 10 GPM 3.3 Ft<sup>3</sup>

The **1252-FG** water softener is one of the most efficient service units in its class. Its efficiency is due to its high column length-to-diameter. This high aspect ratio (4.2:1) allows the 1252-FG to out perform larger units in total product water. The internals are designed to allow wide variations in flow rates with little sacrifice in capacity due to channeling.

*All Cal Water service water softeners are regenerated in a **computer controlled** regeneration plant. Computer control provides more consistent quality at lower cost, while storing all regeneration results electronically. This stored data can be retrieved and used to provide QC reports upon customer request.*

## FEATURES

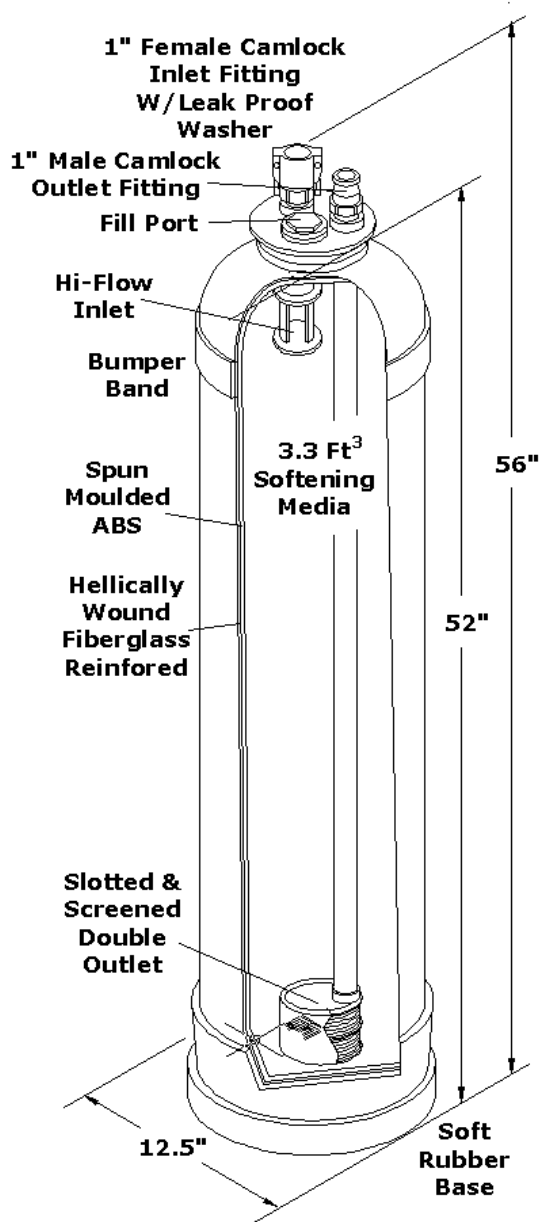

1252-FG  
Water softener

- The Cal Water 1252-FG portable exchange service water softener is a corrosion-proof, FRP fiberglass tank with an inert ABS plastic liner and a rubber base.
- Both the inlet and outlet hardware of the 1252-FG water softener tank are made of the same ABS plastic as the tank liner.
- The 1252-FG water softener contains 3.3 cubic feet of water softening media.
- The top of every 1252-FG water softener unit is protected by a ¼" rubber bumper band to prevent leaks from cracks at the top seam.
- The unit is equipped with Cam-Lock connectors fitted with molded seals for positive connections.
- All Cal Water softener tanks are color coded to assure that the correct tank goes into the correct position every time a system is exchanged.

## SPECIFICATIONS AND DIMENSIONS

### 1252-FG Specifications

Diameter	12"
Height	52"
Resin Capacity	3.2 Ft <sup>3</sup>
Inlet/Outlet	1" Camlock
Shipping Weight	220 lb
Operating Weight	265 lb
Maximum Pressure	80 psi
Maximum Flow Rate	10 GPM
Minimum Flow Rate	2 GPM
Maximum temp.	90 F

**Limited Warranty:** Cal Water guarantees labor and material for 1 year from the date of an installation. In case of defect in equipment, labor, material or service, Cal-Water's sole responsibility is for the replacement or repair of the defect and cannot be held liable for losses of any kind. (Please see Terms and Conditions of Sale)
